

TÎRGU MUREȘ

Tirgu Mures is an old traditional academic city, having a mixed Romanian and Hungarian culture, with a touch of history at every step. You will feel this touch if you allow it to walk you down on its narrow streets where every corner whispers a story of the past. And when you get bored of the sobriety of the buildings, you can relax uphill, on Cornești Plateau, which offers a great panorama of the city, or you can take a walk around the city's zoo. Downhill, you can visit the recreational Weekend Complex located on a stream, the Mureș River, unique of its kind in South-Eastern Europe.

Today, Tîrgu Mureș promises something to each of us; restaurants scattered all over the city centre are eager to demonstrate their professionalism in traditional Romanian and Hungarian culinary art; the theatre, the philharmonic and the museums closely intertwine the cultures of the two nations. The cathedrals and the ancient fortress are excellent places to get acquainted with history and spirituality; libraries shall address to the heart and mind alike; the parks delight your soul and guide your steps. Up the hill lies, elegantly as it is, one of the most prestigious state institutions of higher education in

Romania, with a unique multicultural and multilingual status, The University of Medicine and Pharmacy of Tîrgu Mureș, by which the city takes on a youthful vibration given by the thousands of students that it hosts.

Tîrgu Mureș, an essence of spirituality and intellectuality, will sprinkle the magic of your journey and will always remain a beautiful memory in your heart.
