LISTA DE PUBLICAȚII

1. **Puiac C**, Jung I, Puscasiu L, Szederjesi J. The postoperative plasmatic level of neutrophil gelatinase-associated lipocalin does not reflect its tissue expression in critically ill patients with high abdominal pressure. *Revista de Chimie* 2017; 2850-2852 ***Impact factor 1.232 (2016/2017).***
2. **Puiac C,** Szederjesi J, Lazar A, Bad C, Puscasiu L. Neutrophil Gelatinase-Associated Lipocalin as a marker for renal dysfunction detection in critically ill patients with increased intraabdominal pressure. *The Journal of Critical Care Medicine* 2017; 3:24-28. ***Revistă indexată in web of science***.
3. **Puiac C**, Szederjesi J, Lazar A, Almasy E, Rad P, Puscasiu L. Influence of Ventilation Parameters on Intraabdominal Pressure. *The Journal of Critical Care Medicine* 2016; 2:80-84. ***Revistă indexată in web of science***.
