CURRICULUM VITAE

Date personale:

Nume, Prenume: Popoviciu Horatiu-Valeriu

Titlu academic: Sef lucrari

Departament: M3

E-mail instituțional: horatiu.popoviciu@umfst.ro

Domenii de interes :

Bolile inflamatorii osteoarticulare (Artrita reumatoida, Spondilita anchilozanta, Lupusul eritematos sistemic, Artropatia psoriazica)

Patologia degenerativa a sistemului osteoarticular

Artropatiile microcristalinene (Guta, Condrocalkinoza articulara difuza,

Osteopozele primare si secundare

Reabilitarea in afectiunile musculoscheletale reumatologice

Activitate de cercetare:

1. Proiecte de cercetare

Studii clinice de fazele II-IV

2. Lucrări publicate in extenso

1. Soluble biomarkers of osteoporosis and osteoarthritis, from pathway mapping to clinical trials: an update EE Nagy, C Nagy-Finna, H Popoviciu, B Kovács Clinical interventions in aging, 501-518, 2020/4/8

2. [Reference interval and upper decision limit for serum uric acid—an evidence-based approach on Romanian population using an a posteriori method](#) C Codreanu, H Popoviciu, E Rezus, CD Mogosan, I Gardikiotis, et al Revista Romana de Medicina de Laborator 27 (2), 147-158, 2019/5/2
3. [Biosimilars in rheumatoid arthritis in 2022—data from the Romanian Registry of Rheumatic Diseases.](#) H Popoviciu, F Vreju, CC Popescu, C Mogosan, E Rezus, S Rednic, Romanian Journal of Rheumatology/Revista Romana de Reumatologie 32 (3), 2023/7/1
4. [Inflammatory and metabolic signaling interfaces of the hypertrophic and senescent chondrocyte phenotypes associated with osteoarthritis](#) E Horváth, Á Sólyom, J Székely, EE Nagy, H Popoviciu International Journal of Molecular Sciences 24 (22), 16468, 2023/11/17
5. [A report on the adverse events of special interest from the Romanian Registry of Rheumatic Diseases in patients treated with biologic and targeted synthetic disease-modifying ...](#) C Mogosan, CC Popescu, HV Popoviciu, E Rezus, V Grigore, VC Bojinca, ...Romanian Journal of Rheumatology/Revista Romana de Reumatologie 32 (4), 2023/10/1
