CURRICULUM VITAE

Date personale:

Nume, Prenume: IMRE MIHALY

Titlu academic: Asistent Universitar, Doctor în Științele Medicale

Departament: M4

Disciplină: Medicala III

E-mail instituțional: mihaly.imre@umfst.ro

Domenii de interes (maximum 5 domenii, direcții):

- **Medicină internă**
- **Semiologie**
- **Metodologia cercetării medicale**
- **Cercetare medicală**
- **Studii clinice**

Activitate de cercetare:

1. Proiecte de cercetare (maxim 3 proiecte)

- Senior Clinical Research Scientist in: Phase III Trial to Investigate Efficacy and Safety of Vilobelimab in Ulcerative Pyoderma Gangrenosum; NCT05964413
- UPGRADE: Understanding Pyoderma Gangrenosum: Review and Analysis of Disease Effects (<https://www.c3outcomes.org/upgrade>)
- Senior Clinical Research Scientist in: Efficacy and Safety of Remimazolam (CNS7056) Compared to Propofol for Intravenous Anesthesia During Elective Surgery; ClinicalTrials.gov ID NCT03661489

2. Lucrări publicate *in extenso* (maxim 5 lucrări)

- Pyoderma gangrenosum refined elements for core item selection and evaluation (PRECISE-PG): a study protocol for reaching consensus on core outcome domain items in clinical trials of pyoderma gangrenosum; Archives of Dermatological Research; 2025-02-20 | Journal article; DOI: 10.1007/s00403-025-03920-w; Part of ISSN: 1432-069X; Contributors: Tayler Tobey; Alex G. Ortega-Loayza; Sharon I. Choe; Olivia Haddadin; Federico Bardazzi; David O.

Croitoru; Diana M. Chen; Morgan Vague; Mihaly Imre; Valentina Dini; Philip J. Hampton et al.

- Anaesthetic efficacy and postinduction hypotension with remimazolam compared with propofol: a multicentre randomised controlled trial; Anaesthesia; 2024-01-14 | Journal article; DOI: 10.1111/anae.16205; Part of ISSN: 0003-2409; Part of ISSN: 1365-2044; Contributors: Jörg Fechner; Kariem El-Boghdadly; Donat Spahn; Johann Motsch; Michel Struys; Olivier Duranteau; Michael Thomas Ganter; Torsten Richter;; Mihaly Imre; Markus Hollmann; Rolf Rossaint et al.
- A core domain set for pyoderma gangrenosum trial outcomes - an international e-Delphi and consensus study from the UPGRADE initiative; British Journal of Dermatology; 2023-11-11 | Journal article; DOI: 10.1093/bjd/ljad420; Part of ISSN: 0007-0963; Part of ISSN: 1365-2133; Contributors: Michael Jacobson; Jonathan W Rick; Louise A A Gerbens; Wenelia Baghoomian; Lisa J Gould; Angelo V Marzano; Diana M Chen; Mihaly Imre; Debbie L Oakes; Joachim Dissemond; Toshiyuki Yamamoto et al.
- Correlation of Vital Signs and Depth of Sedation by Modified Observer's Assessment of Alertness and Sedation (MOAA/S) Scale in Bronchoscopy; Pastis, Nicholas J. MD*; Hill, Nathan T. MD*; Yarmus, Lonny B. DO†; Schippers, Frank MD‡; Imre, Mihaly PhD§; Sohngen, Wolfgang MD||; Randall, Ostroff MD¶; Callahan, Sean P. MD#; Silvestri, Gerard A. MD*; Journal of Bronchology & Interventional Pulmonology 29(1):p 54-61, January 2022. | DOI: 10.1097/LBR.0000000000000784
- Spontaneous recanalization in deep venous thrombosis: A prospective duplex ultrasound study; International Angiology; 2007 | Journal article; EID:: 2-s2.0-34249849951; Contributors: Puskás, A.; Balogh, Z.; Hadadi, L.; Imre, M.; Orbán, E.; Kósa, K.; Brassai, Z.; Mousa, S.A.
