Because the curriculum of the Faculty of Medicine/Dentistry is based in the first years of study on notions from Biology, Chemistry, Physics, Mathematics and Computer Science, it is an advantage for any candidate to prove high grades in these subjects during high school education. Including the Transcript of Records together with the High School Diploma, the candidate could emphasize this aspect in the application for a scholarship to the “George Emil Palade” University of Medicine, Pharmacy, Science, and Technology of Târgu Mureș.

The deadline for submitting the applications for study scholarships or research fellowships is the **24th of July 2020.**
