

UMF  UNIVERSITY OF
MEDICINE AND PHARMACY
OF TIRGU MURES

10 REASONS TO BECOME A STUDENT AT OUR UNIVERSITY

10 GOOD REASONS

Deadline for Early admission is
31st of March

Do you dream to be a medical doctor

The University of Medicine and Pharmacy of Tirgu Mures is one of the best places in the world where you can fulfill your dream.

Academic offer

Our University offers two study programs for international students, both of them being accredited by the national competent body - ARACIS: The Romanian Agency for Quality Assurance in Higher Education. As Romania is part of the European Union, all the diplomas issued by our University are recognized all over the world. Both Medicine and Dental Medicine are programs with day courses and have a duration of 6 years and 360 European transferable credits.

Ten reasons to choose our University so that your dream can become true

1 High quality education

The high quality of medical education in our University is reflected by the high percentage of our graduates who succeed to pass the residency examination after completing their studies. Our students are classified on the top positions in Romania and they are easily accepted in the medical communities from all over Europe. The teaching staff from Tirgu Mures is well known for its high professionalism in medical practice and research.

Low living cost

The low living cost in Tirgu Mures makes this city an ideal place to live in as a student. In association with the good education provided by our university, this will make your stay here a memorable one.

3

Modern and complex facilities for teaching and learning

Modern infrastructure

Our University provides excellent learning facilities and infrastructure of the highest standard for both the students and the teaching staff, under the umbrella of a modern architectural complex.

Best clinical environment in Romania

Our University takes advantage of the close collaboration with the largest general hospital in Romania – The County Clinical Emergency Hospital Tirgu Mures, a hospital with 1.250 beds located at 100 m from the main university building and including almost all the medical specialties.

Here the students have the opportunity to establish a close contact with patients presenting various clinical pictures and to assist live to different medical procedures, thus being directly involved in the medical act.

The close proximity of the hospital to the University offers you a significant advantage, as you will be able to get to lectures or internships in less than 10 minutes walk.

www.e-umf.umftgm.ro

The most advanced Center of Medical Simulation in Romania

The Simulation and Medical Skills Center of our University is the best equipped and most advanced center of medical simulation in Romania.

Being structured in three departments: Medical Skills, Medical Simulation and Standardized Patient, the center represents an extremely useful tool for students who wish to learn practical skills and exercise medical maneuvers.

E-UMF platform

The **E-UMF** platform is a complex digital web-based tool that provides numerous facilities for students, including an online admission application system, online library, online access to the University Management System, online access to scientific journals and articles and online handling of administrative forms.

E-UMF is completed with a complex E-learning platform, which gives students a very user-friendly learning system with access to books, printable lecture notes and visual presentations.

4

Highly attractive student campus

The comfort of students, a priority

The University has four student dormitories with an accommodation capacity of 1176 places. Each room is equipped with high speed internet and cable TV. The kitchens are equipped with microwave ovens, cookers, and a good ventilation system. The dormitories also have a laundry room on each floor equipped with free washing machines.

Restaurant and canteen

In the university campus the main meals of the day can be served at the micro-canteen, which has a capacity of 80 seats and is located in the immediate vicinity of the main building. The restaurant of the university is situated two minutes away from the student campus and has a capacity of more than 200 seats.

Best Sports facilities in Romania

The University campus has a sports base like no other. This consists of two sport halls that house three indoor tennis courts, two volleyball courts and a basketball court, equipped with spectator stands, thus giving you the choice either to play a set or just relax by being a spectator. In a brand new building we have a fitness and weight-lifting center including a 260 m² swimming pool, pool with open access, prioritizing the classes in the curriculum but also allowing for leisure exercise. The outdoor sports base has four tennis courts and two mini-football fields equipped with high quality lighting systems that let you cool off in a football match after a long day at school. All these facilities are accessible for free during the physical education classes that are provided by our University's staff.

5

Top research environment

The Center for Advanced Medical and Pharmaceutical Research, projected on a total surface of 4.092 square meters on 5 levels, from a budget of 10.47 million EUR, represents an example of a high quality research infrastructure on international level, serving as a reference center for both basic and clinical medical research in this country (includes a DNA and plasma bank, immunology, chromatography and mass spectrometry, laser flow cytometry, confocal microscopy, molecular biology, genetics, advanced cardiac imaging, metabolomics and others).

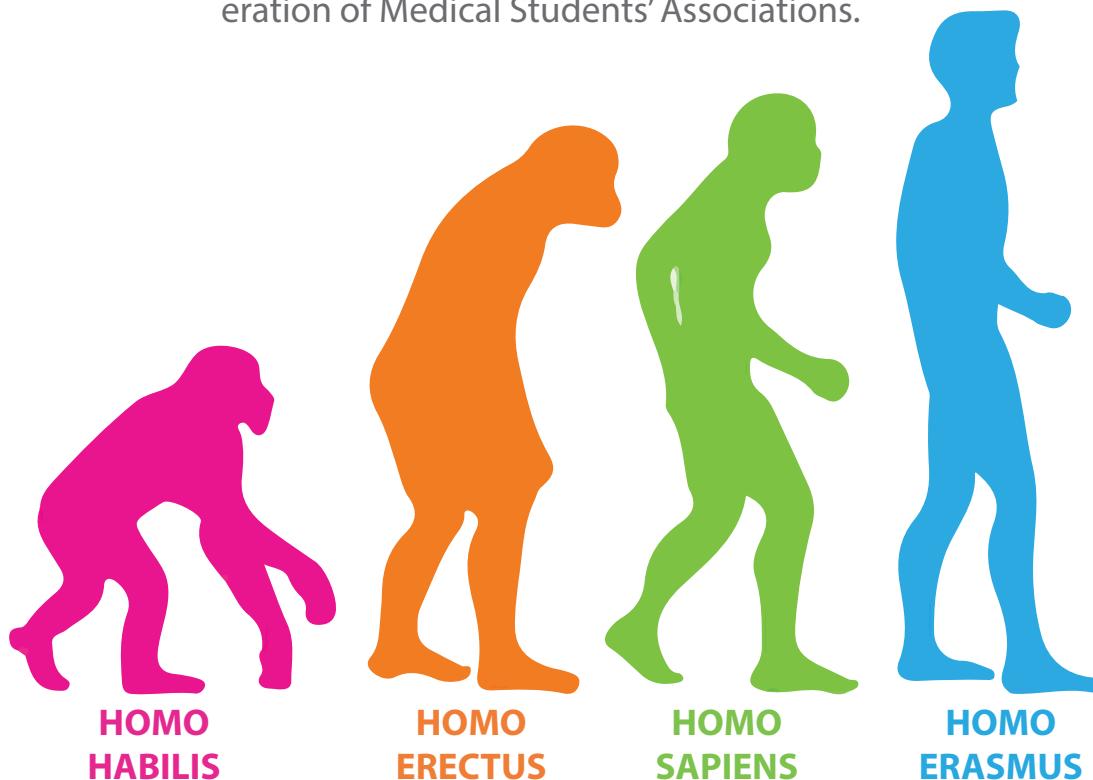

6

Mobility

Our University has signed the Erasmus Charter for Higher Education 2014-2020 and offers a substantial number of mobility scholarships for students every year, according to bilateral partnerships established with universities from all Europe (Austria, France, Italy, Spain, Germany, Turkey, Hungary, Belgium, etc).

Other types of scholarships are available in countries all over the world (The US, Mexico, Canada, Brazil, Taiwan, Russia, France, Germany, etc.) thanks to the partnership that the Students' League has with the International Federation of Medical Students' Associations.

7

Student`s congresses

Every year, the Student`s League organizes in Tirgu Mures the “Mari-siensis” International Congress for Students, Young Physicians and Pharmacists, where students from all Europe are invited to present their scientific results during a 5 day scientific marathon. This congress has already become a tradition of our students’ lives.

Social events

The life of a student in Tirgu Mures is filled with of social events so that you never get bored. The “Medifun” Student Festival represents a well-known occasion for joy and celebration in the student community. Satellite to different scientific meetings, we organize many cultural events (concerts, etc) in which students are invited to participate together with the academic staff.

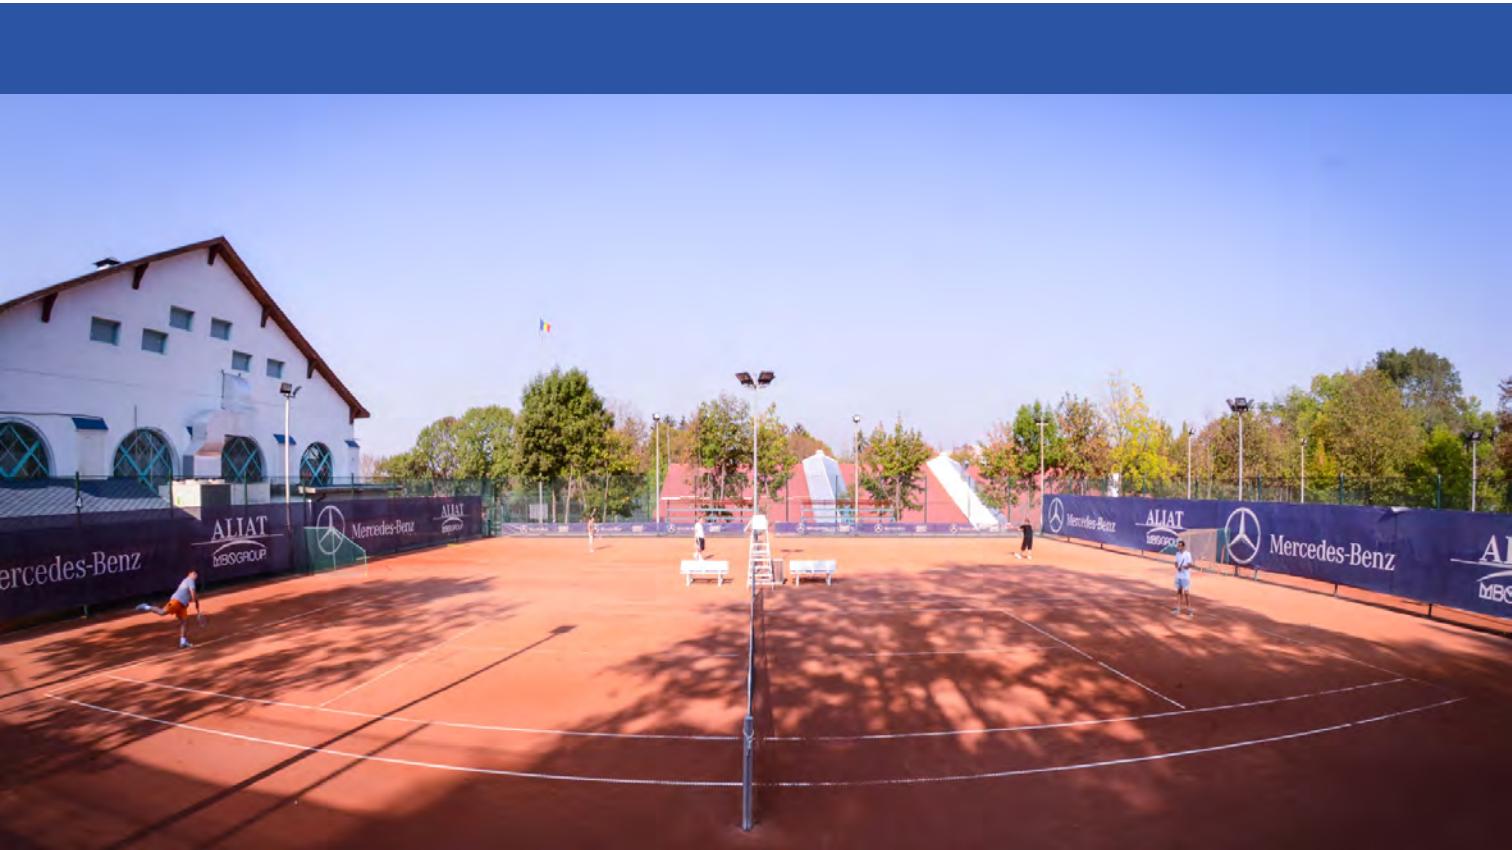

8

9

Sport competitions

Sport competitions are organized every year in the University's sports base, representing a good occasion to demonstrate the performance of medical students in different fields (tennis, football, handball, etc).

10

City attraction

Tirgu Mures is an old traditional academic city, having a mixed Romanian and Hungarian culture. Its' main attractions are:

- The Cornești Plateau, offering a great panorama of the city and including a famous Zoological garden. This is also a great place to take a stroll or to have a late night run in the running lanes.

- The Weekend Recreational Complex located on a stream, the Mureș River, the large outdoor and indoor swimming pools and the traditional restaurants found inside this complex makes it unique in South-Eastern Europe.

The city architecture makes you feel like you are in Western Europe, and the calm and nice people living in Tîrgu Mureș will make you feel safe and protected in your adoptive country.

DO NOT FORGET!

Deadline for Early admission is 31st of March

If you want to have this unforgettable experience – to become a student in Tirgu-Mures - we will help you in your endeavor by providing a detailed guide on how to join our University. After you become our student we will help you with all the administrative issues required for your accommodation so that these six years that you will spend in

Starting with 2015 we have introduced the system of “Early admission” for international applicants, offering two rounds of admission: early (online application in March) and regular (online application in May-July). The main advantage of the early admission is that you will secure your place in one of our undergraduate study programmes a few months earlier than most applicants.
